- Industry Product Standards:
  - French Technical Approval EPAMS® 5.2/14-2386\_V2

### ENVIRONMENTAL DATA

- Recycling Information: 99% recyclable

DN	DE (mm)	Capacity (l/s)	Surface drainage (m2)	Weight	Product code
50	58	13	260	6.81	171286
75	83	23	460	7.11	171287
100	110	26	520	7.76	171263
125	135	26	520	9.64	172876

All dimensions are in mm and nominal weights are in kg

#### Outlet location

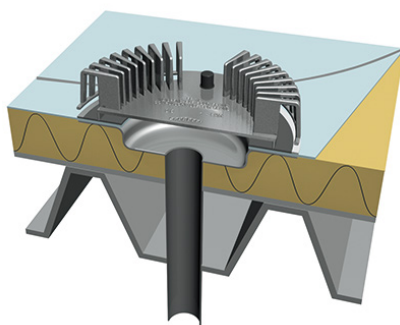

The design of the siphonic network is based on precise rules for both the dimensioning and the positioning of the various elements, which is why the installation must strictly comply with the isometric drawings provided. The installation of the outlets must be carried out in accordance with PAM Building's specifications. Any modification shall be subject to the prior agreement of PAM Building.

#### Installation

In its installation instructions, PAM Building recommends the necessary and specific operations for outlets, however, the installer must respect the rules of the art and refer to the recommendations of the waterproofing product suppliers.
